C.E.M. CERTIFICATE

This certificate must be uploaded to your Online Account before arrival at Park Paddocks/outside standing.

The Vendor or his/her Agent is solely responsible for the accuracy of this certificate.

To be completed by the Vendor or his/her Agent:

This mare is **NOT** a High-Risk mare: Signed

To be completed by a Veterinary Surgeon:

Swabs must be taken after the last date of covering. The cervical swab must be obtained during an oestrus period **WITHIN 3 MONTHS OF THE SALE** and the clitoral swab **WITHIN 30 DAYS OF THE SALE** (i.e. from January 6th onwards). Swabs must be submitted to a Laboratory approved by the Horserace Betting Levy Board (HBLB) in the United Kingdom or to National Approved Laboratories in France, Germany, Ireland or Italy.

On the (Date) during an oestrus period a swab was obtained from

the **CERVIX** and on the (Date) a single clitoral swab was obtained from

the **CLITORIS (FOSSA AND SINUSES)** of the mare (Name) and submitted for bacteriological examination for C.E.M. at the..... Laboratory and cultured under both aerobic and microaerophilic conditions or tested by PCR.

The results were negative. Neither *Klebsiella pneumoniae* nor *Pseudomonas aeruginosa* were isolated.

Signed M.R.C.V.S.
