Photos & Video Guidance

In advance of the upcoming **Tattersalls Online October Sale**, it is **MANDATORY** to take photos and videos of your Lots and upload these to the Tattersalls Website for prospective Purchasers to view. We strongly recommend these are uploaded BEFORE the catalogue is published.

Alternatively, to find out more about the Tattersalls Online enhanced entry packages, where we can arrange for a professional to take photos and videos of your draft at an additional cost, please contact Katherine Sheridan or Ross Birkett to discuss your options.

It is recommended to use a professional videographer to do these for you however, you can do these yourself via most modern smartphones. Please find some useful resources below –

The following photos and/or videos are recommended.

- Photos and/or video from the front and rear of the horse.
- Footage of the horse walking side on - left to right and right to left.
- Footage of the horse walking directly towards and away from the camera.
